FOR IMMEDIATE RELEASE

Siouxland Habitat for Humanity to Re-Open ReStore

Tuesday, June 2 at 9 AM, Siouxland Habitat for Humanity is re-opening following the shut-down because of COVID-19. The re-opening will feature current CDC and state/local guidelines.

“We are excited to welcome our shoppers and donors back into the store,” stated executive director, Fred Hexom.

“Habitat’s ReStore manager and staff have taken measures to ensure everyone’s safety by following guidelines for reopening such as cleaning, disinfecting, and social distancing protocols,” said Hexom.

A new ReStore schedule will be implemented with the re-opening. Both days and hours of operation have changed. The ReStore will be open Tuesday through Saturday and closed on Sundays and Mondays. New hours of operation will be 9 AM to 4 PM. This one-hour earlier closing will allow for the staff to clean and sanitize the store for business the following morning.

The store has temporarily suspended donation pick-ups. They are accepting personally delivered donations to the store. If you have questions regarding an item being accepted for donation, please contact the ReStore at 712.224.6133.

“Along with the ReStore cleaning standards we ask that reasonable efforts be made to wipe down/clean household items that individuals bring in to donate. We look forward to greeting our loyal shoppers and donors and meeting new ReStore guests,” said Lorenzo Guzman, ReStore manager.

Siouxland Habitat for Humanity, founded in 1992, is an affiliate of Habitat for Humanity International – a Christian housing ministry. Siouxland Habitat for Humanity is an Equal Housing Opportunity.
